LOEBER M104. The novel which follows several young women from girlhood to womanhood in their attempts to achieve independence in a male dominated world was a huge success. Shaw found it threatening but thought provoking. The author born in Donaghdee Co, Down wrote 14 novels and short stories largely concerned with women's social issues.. Unhappily married to a much older Lieut. | Col. David McFall of Magherafelt Derry she found she was able to leave her husband and support herself through writing. Her "new woman" novels explored issues of social concern.. She lectured in America , a guest of Mark Twain's. became Mayoress of Bath, and president of the Tunbridge Wells branch of the National Union of Suffrage Societies.
